

Serving animals — together !

MONTREAL

Bulletin 2022

Our favourites in 2022

For sure, Montreal SPCA's employees and volunteers spend a lot of time with animals, lots of animals and of every species, too. While we love them all, some make a special impression on us.

Here are a few we became especially fond of in 2022 and who have all found a new family after their stay at the Montreal SPCA.

MISYATS

Cat • 1 year

Misyats was found wandering the streets with pelvic fractures.

FREEDOM

Horse • 8 years

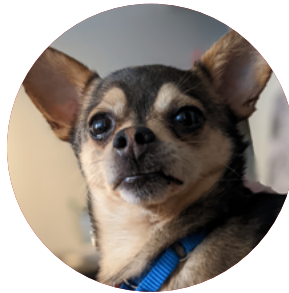

Freedom had been living in a windowless box for years. Since he had no access to the outside, he was deprived of exercise.

BOSCO

Dog • 10 months

His family no longer had time to help Bosco spend his exuberant energy.

ROCKY

Dog • 2 years

Rocky's first family had to move, and the only place they found had a no-pet clause.

SMILEY

Albino axolotl •
Age unknown

Smiley was found in an aquarium left in front of a building.

LUKA

Ferret • 1 year

Luka's first family couldn't find an animal-friendly new apartment.

BIBI

Cochon • 3 months

Bibi, who had skin problems and anxiety, was not accepted by the other animals in the family.

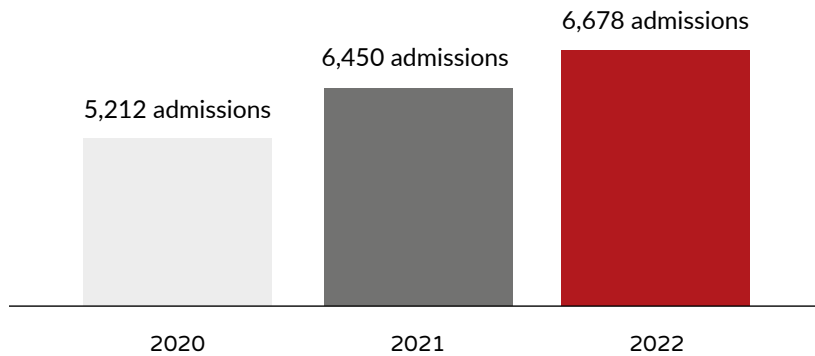

YETI

Chat • 4 months

Yeti was found crawling in the snow with a head injury.

Statistics for 6 months (January 1 to June 30)

January 2022

Animals admitted: 673
Surgeries: 414
Kilometres driven by the patrol: More than 650 km

February 2022

Animals admitted: 738
Surgeries: 525
Kilometres driven by the patrol: More than 520 km

Mars 2022

Animals admitted: 854
Surgeries: 548
Kilometres driven by the patrol: More than 750 km

April 2022

Animals admitted: 1,019
Surgeries: 454
Kilometres driven by the patrol: More than 1,200 km

May 2022

Animals admitted: 1,739
Surgeries: 547
Kilometres driven by the patrol: More than 2,000 km

June 2022

Animals admitted: 1,655
Surgeries: 587
Kilometres driven by the patrol: More than 1,600 km

Average length of stay, including time spent in foster care for animals needing follow-up

Cats: 21.9 days
Dogs: 13.1 days
Rabbits: 28.8 days
Small animals: 35,1 jours

Average length of stay, including time spent in foster care for animals needing follow-up

Cats: 10.6 days
Dogs: 9 days
Rabbits: 18.5 days
Small animals: 25.2 days

Investigation Division

Number of reports
received:
1,368

Number of cases
processed:
1,017

Number of animals
visited:
2,684

Why join the Monthly Giving Program?

Monthly donations help us better organize our resources and optimally plan our care of the animals. It also gives us stable revenues because, in addition to the emergencies, we have recurring needs. In other words, giving monthly means helping even more animals in need.

"Animals are extraordinary living beings. Every year in Quebec, thousands of companion animals are abandoned because of negligence and cowardice, because they are sick or because of outdated laws that allow landlords to ban companion animals from their rentals. Fortunately, the SPCA is there for as long as is needed to welcome, care for, shelter, feed and comfort these animals while they await adoption. If I can't do it alone, the least I can do is to financially help those who provide this noble, essential and unsubsidized service day in and day out."

- Claude Brunet, monthly donor

Giving monthly means helping even more animals in need.

A note from our acting Executive Director

"So far, 2022 has been keeping us busy! From January to June, we took in nearly 6,700 animals. That's an average of nearly 37 animals per day—an increase of 8.5% over the last two years. We will continue to work hard in the coming months to find new forever homes for all of the animals we take in. We are expecting the fall to be busy as well since the provincial elections are an opportunity for us to make demands to strengthen animal protection in Quebec. All of this is possible thanks to you. Your precious support allows the Montreal SPCA to carry out its mission day in and day out. And this work brings us together, as we protect animals from neglect, abuse and exploitation, defend their best interests, and ensure their well-being."

Me Sophie Gaillard, B.A., M.Sc.(A.), B.C.L., LL.B.

Acting Executive Director and Director of Animal Advocacy and Legal Affairs
